

Ready to Engage Your Audience with Live Interactive Voting?

Engage. Ignite. Transform.

Dr. Ant, also known as 'The Brain Whisperer', delivers an unforgettable **keynote experience** that engages and **energises audiences** like never before. With his unique blend of **mindset insights** and **real-time audience polling**, Dr. Ant creates a **dynamic**, shared experience that leaves a **lasting impact**.

What Makes Dr. Ant *Different*?

Tailored Audience Insights

Through **customised live polls** tailored to your audience, Dr. Ant offers **real-time feedback** for actionable insights directly from attendees

High Engagement

No more passive listening – Dr. Ant transforms attendees from bystanders into **active participants**. The energy in the audience is tangible

Lasting Impact

Grounded in the '**Switched on Thinking**' methodology, Dr. Ant's presentations inspire **meaningful change** long after the event ends

"Motivational Insight!"

"Dr. Ant was truly insightful, filled with practical learning that stuck"

MATT P

"Team Transformation!"

"Dr. Ant's transformed our team, creating better collaboration and a positive, open mindset. His impact was remarkable!"

VICTORIA W

"It felt like a conversation"

"Dr. Ant's energy was contagious, and the live polls brought the room alive! It felt like a conversation, not just a speech"

EMMA S

Customised Poll Questions

But here's what really sets Dr. Ant apart: he collaborates directly with event organisers before the event to develop **custom poll questions**.

These questions do more than engage—they reveal the **pulse of the audience**, providing live feedback and **insights** that organisers can use to shape future strategies.

Attendees become co-creators in the experience, making each presentation relevant, exciting, and **incredibly memorable**.

Audience Participation Made Simple

Using their smartphone, attendees can **engage instantly** in live polls — no awkward pauses, just seamless, **fun engagement** that keeps everyone **energized**.
